STANFORD, KY., FRIDAY, MAY 12, 1905.

NO. 21.

MIDDLEBURG.

A large crowd of young folks attended the old folks' singing at Bruce's Chapel Sunday.

There was an oyster and ice cream supper given to the pupils at the College Friday night. There was a large crowd present and all report a good time.

Farmers are very busy preparing ground and planting corn. They are a little late on account of rains. Most of the gardens are looking fine for this time of year.

Mrs. Sarah Hatter, of Pellyton, was visiting friends here Saturday and Sunday.

GOSHEN.—Jessie Breedlove, son of Mr. and Mrs. John Breedlove, who had been confined to his bed for over two months, breathed his last on Sunday morning. Although his death had been expected for some time, it came as a shock to his relatives and friends. Constant medical attention and careful nursing were of no avail. He never wanted for anything that loving hands could do for him. All who knew him loved him. He was a favorite with all his teachers and playmates. He was laid to rest in Goshen cemetery Monday in the presence of a large number of friends and sorrowing relatives. His teacher with all her pupils attended the interment and when the snow white casket, which held all that was mortal of dear Jessie, was hidden from view, there was scarcely a dry eye. Being only 15 years old, life seemed full of promise and we can't see why he was taken. But God knoweth why. We wish to say to the broken-hearted father and mother that it will not be long until you will meet your dear son in the better land where parting is no more.

OTTENHEIM.

Sunday school was organized at Sugar Grove Sunday.

Mike Long and James Chandler are preparing to put in a tobacco crop.

Kerr and Richard Chandler, of Rowland, and their best girls, spent Sunday in Crab Orchard. John Bowen is tossing his hat in the air over the arrival of a fine boy at his house.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Lyne Bros., Crab Orchard Ky.

There is a storekeeper in Kansas City who, although he doesn't know it, is losing trade through the presence of a wax figure of a woman in his show window.

The "woman is comely and she displays dresses very well, but she is cross-eyed." "I'll bet I've heard 20 women talking about the cross-eyed figure," said a policeman, who walks a beat near the store, yesterday. "Some of them are superstitious and actually refuse to buy at the store. They think the cross-eyed woman will give them bad luck."—Kansas City Times.

Cleared for Action.

When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them. At G. L. Penny, Stanford, and Lyne Bros., Crab Orchard, drug stores.

The President was the guest last night of the Iroquois Club, the leading Democratic organization of Chicago. James Hamilton Lewis acted as toastmaster. Mayor Dunne sat at the President's table. The President's address was applauded throughout.

Senator Warner, of Missouri, says his election cost him but \$29.80, and now Senator Frazier, of Tennessee, files a bill showing that his election cost him but \$11.50. How much would Senator Blackburn and Judge Paynter give to know the combination by which the trick can be worked so cheaply?—Frankfort Journal.

The democratic State Central Committee, in session at Frankfort, appointed a State Campaign Committee with Judge John M. Lassing as chairman; advised a primary in all the counties of the 12th Senatorial district, adopted a new rule that the rotation system of nominations be used only when there is unanimous consent, and approved lists of committeemen for the city of Covington and the county of Kenton.

Secretary Taft in an address at the banquet to the International Railway Congress in Washington surprised the assembled magnates by entering upon a vigorous discussion of the railroad rate question. Mr. Taft declared that rate legislation must come and that if railroad men were wise they would aid it and not hinder it. Styvesant Fish, president of the Illinois Central Railroad Company, took issue with the Secretary and a lively debate followed.

A Good Suggestion.

Mr. C. A. Wainwright of Lemon City Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Lyne Bros., Crab Orchard, Ky.

The Secretary of War has appointed a board of five army officers to investigate and report on the question of the canalization of the Ohio river.

Saved by Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." The Interior Journal.

E. C. WALTON.

EDITOR WALTON, of the INTERIOR JOURNAL, commenting on the improvements suggested by the Journal for Frankfort, says: "The list should include the removal of the many hills that surround the capital, and which have caused the little city to be known as the 'hole in the ground' almost as well as it is by the name given it by its founders." This certainly is a well developed case of the pot calling the kettle black. True, Stanford is not envied by hills as grand and majestic as those which surround the capital, but it is as securely hid among them. Stanford is a good little town, with some of the best people on earth, but it has never been accused of being a pretty one. It is built along a creek and in such a straggling manner that Emmett Logan, who was then on the Courier Journal, wrote that the town seemed to have floated down the stream after the flood and lodged in any old place along the banks. One of the chief beauties of Frankfort is its eternal hills, which, when seen from the new Capitol, will strike the beholder with awe and rapture at their grandeur. Come down from Hall's Gap some day, young man, and we will show you something not dreamed of in your philosophy. Frankfort Journal. We have never claimed that Stanford is a pretty place, but we do contend that it is a more sightly town than Frankfort, which seems to have been laid off by a blind man or one who couldn't see straight. The main thoroughfare is so crooked that one almost meets himself on some parts of it, while the buildings on either side are so low that they impress one as being the abode of lilliputians. The penitentiary and feeble minded institute constitute the major part of Frankfort and if our brother is proud of these institutions he is more than welcome to keep them at his adopted home. The invitation to see the sights of Frankfort will be accepted but we shall prepare ourselves going over for any kind of disappointment that may come.

THE INTERIOR JOURNAL is of the opinion that we give our personals too much prominence. Not at all. All the people mentioned in the News are so important that they are entitled to the most conspicuous place in the paper. In a country paper the personal column is the first department read, why should it not be given a prominent position?—Adair News. Just as you say, Brer Harris. We think, however, that while a good personal column is worth something to any paper, it is hardly worthy the most valuable space and position a newspaper can give. Women and children enjoy reading personals, but men want something a little stronger.

THE big bank at Milwaukee is getting very particular since it let its president rob it of several millions. The directors have ordered that all employees shall be measured by the Bertillon system and photographed so that they may be found when wanted. The foolish performance of locking the stable door after the horse has been stolen continues to bear daily demonstration in nearly every walk of life.

JUSTICE HARLAN denies that he will retire from the supreme bench to devote the remainder of his life to raising funds for a Presbyterian Cathedral in Washington. Of course he will resign his high office. Who ever heard of a republican giving up a good thing unless he was compelled to?

AN Omaha paper quotes President Roosevelt as making another emphatic statement that he will not be a candidate for re-election. Four years is a long time, however, and Teddy may change his mind several times before presidential year rolls 'round again.

Here and There.

Isaiah Monroe, of Madison, Ind., county land appraiser, was found dead in his buggy near his home.

Gov. Beckham has appointed John E. Newman to be police judge of Bardstoun, to succeed the late Charles E. Stuart.

Gov. Beckham has refused to interfere in the case of George B. Warner, who killed Pulaski Leeds in Louisville. Warner will hang next Friday.

Near Harrisburg, Pa., a passenger train crashed into a freight loaded with dynamite. Fifty or more people were killed and over 100 injured by the explosion.

The Great Council of Kentucky, Improved Order of Red Men, at its sitting in Frankfort, decided to establish a widows and orphans' home for the families of deceased members of the order.

The North and Northeast Lancashire cotton spinners have agreed that an advance of 5 per cent. in wages be paid to weavers, winders and warpers in July next. No fewer than 300,000 people are affected by the decision.

KINGSVILLE.

A head-on collision occurred here Monday morning. The breaking of a piston rod on one of the engines was the only damage done.

Mr. W. R. Campbell has returned to Lexington for a few days. He will in a few weeks move his family here for the summer. Clyde Campbell, of Lexington, is one of the popular boarders at the Walter Hotel.

Mr. Everett Chevolette and Miss Lulla Hasty were married by Rev. Cannon Tuesday evening. Both are popular and are receiving congratulations from their many friends. Another wedding will soon take place in our community and yet another, so Dame Rumor says.

While in Maysville, which was your correspondent's home the first 10 years of her life, we went over to Aberdeen, O., the once famous Gretna Green, and saw the house where the late Squire Beazley used to live. We also had the pleasure of a trip to Cincinnati over the C. & O. and while in the city of seeing Sherlock Holmes at Walnut Street theatre.

Thursday evening, May 11, little Julia Anna Creighton celebrated her fourth birthday by entertaining at the home of her grand parents, Mr. and Mrs. J. L. Johnson, a number of her little friends at lunch. There was music for the occasion both on piano and guitar and no pains were spared to make the occasion a happy one for the dear little tots.

The I. J.'s. Kingsville correspondent pro tem., Mr. Charles B. Wells, seems to have grown weary in well doing and has asked us to come to the rescue, and so having returned from a most delightful visit to relatives and friends at Lexington, Maysville and Nicholasville, we cheerfully resume our correspondence to the "cheapest and best," meantime thanking Mr. Wells for his good services during our prolonged absence.

A splendid Sunday school has been organized at the Christian church. We are in hopes the church will soon be supplied with a preacher. Rev. R. R. Noel, of Stanford, filled his regular appointment at Pleasant Point Baptist church Sunday. Rev. Cannon filled his regular appointment at the Methodist church Sunday morning and evening. On next Sunday morning and evening Rev. Boston will preach at the above church.

The fire in our town recently was a matter of much regret. The loss to J. L. Johnson was considerable and the perishing in the flames of old Bess, his family horse for so many years, was a matter of great grief to Mr. Johnson and family. The Presbyterian church was quite a loss. It was one of the old fashioned but well built houses of this section. Though the fire occurred in the dead of night, a crowd of several hundred, we are told, was on hand doing everything possible to prevent the fire from spreading to Thompson & Evans' mill, directly opposite. The South Fork fire department, or the Helper Crew, got a leave of absence from the dispatcher and made a quick run to the scene of the fire. They did splendid service and the citizens of Kingsville feel grateful to them for their assistance. Thompson & Evans will shortly move their planing mill down near the canning factory and will greatly enlarge their mill.

Mrs. Charles Evans and children are visiting friends and relatives at Nicholasville. Mr. Evans' sister, Mrs. Colclasure, of Nicholasville, is his guest. W. S. Burch, of Stanford, was here Saturday, called by his numerous clients. Mr. Thomas, a popular traveling salesman of Somerset, was here last week. Mr. and Mrs. Wm. Carey and son, Clarence, of Lebanon Junction, are with relatives here. Mrs. Emma Chevolette and daughter, Mrs. Sylvester Privitt, were guests of Mrs. Mary Maxie, at Latonia, for several days. Misses Dora Rigney and Sallie Walls are with friends at McKinney. Miss Dora Gooch, of McKinney, is visiting here. Will McCarty, Jr., is visiting at Lexington and Ludlow. Misses Ottilie Faulkner and Teresa Dunn, accompanied by Messrs. Manfred Chevolette and Clarence B. Wells, spent Sunday at Crab Orchard.

Snyder, O. T., a thriving town of 2,500 persons, situated in the heart of the Kiowa farming country, which was thrown open to white settlement in 1901, was practically wiped out of existence by a tornado. Over 100 people were killed and as many more dangerously wounded.

The cases of Alex. and Elbert Hargis and Sheriff Ed Callahan, of Breathitt county, charged with complicity in the murder of James Cockrill, were called at Lexington and passed till next Tuesday.

MATRIMONIAL.

The wedding of Mr. J. W. Hutcheson, cashier of the Bank of Broadhead, to Miss Mary Louise McAfee, was one of the swellest seen in Mercer county for a long time.

Dr. and Mrs. L. B. Cook announce the engagement of their daughter, Miss Anna, to Mr. John Henry Shanks. The wedding, which will be an elegant but quiet one, will occur at the home on June 14th. Miss Cook is one of Stanford's prettiest and most popular young women and is as bright as she is attractive. Mr. Shanks is a fine young man, steady and industrious, and will, we believe, prove worthy of the jewel he will soon call his own.

THE LIVER QUARANTINE

"TAKING HIS MEALS OUT."

Hurried eating has ruined many a man's stomach. The digestion-destriving process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness.

In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

Red Leaf, 4-year-old record 2:22 in 9th heat over one-half mile track. Sire of 5 with records better than 2:30. Champion show horse of Kentucky and leading sire of high-class road horses and teams. \$5 to insure a living colt, and a good one at that, or \$12.50 the season.

I claim it is to the best interest of the owners of mares of Mercer and adjoining counties to breed to Red Leaf—1st. Because he is not for sale; 2nd. Because his colts and brood and handle his produce, and it is very natural that I will work for the sale of all his colts at high prices, no matter to whom they belong. 3rd. Because his colts have a reputation and have sold for higher prices undevoted than those of any stallion in Mercer or adjoining counties. 4th. Because he has a better record as a race horse, having won 30 out of 32 races, and a better record as a show horse, having won 30 out of 61 shows, than any stallion in Mercer or adjoining counties. 5th. Because Red Leaf is the only horse sired by a horse with a record of 2:18 (C. F. Clay), who has sired 8 colts with records better than 2:15, and with a dam (Lady Mary) that every colt she had took a standard record and was a winner, and whose grand dam (Soprano) was the greatest brood mare in the world, having 11 in the list, and whose sire (C. F. Clay) sold for \$5,000, and whose dam sold for \$1,500, whose dam's sire (Red Wilkes) sold for \$2,000 for a half interest, and who himself (Red Leaf) sold at three years old for \$1,000 and at 14 years old for \$1,750, and that has himself sired 14 colts to sell for over \$500—some as high as \$2,000—and teams from \$1,000 to \$2,000, in Mercer or adjoining counties. 6th. But three of Red Leaf's colts were ever trained for speed and they all took records. 7th. But one of Red Leaf's colts was ever raced, and he started in 11 or 12 races, winning first in one and second in all the others, as shown by the Year book, and showed miles in 2:15, and would have been a sensational horse had he lived. 8th. Red Leaf has sired more high-class, high-priced teams than any stallion in Kentucky in the past two years. 9th. I can show several offers of over \$1,000 for a pair I now have. None of those sold five years old, and most of them under three years old.

Now I say if you want a trotter, Red Leaf is bred to get them, as his sire is one of the greatest sires of extreme speed, and his dam a great producer, and she by one of the world's greatest sires of speed (Red Wilkes), and his sire's dam the greatest brood mare in the world. If you want a show horse, he has proven he can get them of the highest quality, a three-year-old mare by him showing through the circuit in regular and sweetstakes and winning 24 out of 26 shows—being equal only by the score to the famous Gypsy Queen. If you want a business horse, he can get them that will sell for the highest dollar, and his filly is sure to be a great brood mare. If these are not facts, why not?

I also have a good Black Jack to stand at \$5 to insure a living colt.

FOR SALE!

McKINNEY ROLLER MILLS.

I offer for sale my mill and residence in McKinney, Ky. Mill has flour capacity of 50 barrels and meal 100 bushels per day. Mill is well equipped with modern machinery in good repair. Has storage capacity of 5,000 bushels of wheat; also large corn bins and cribs. Wagon scales operated from office, coal bins and ice house. All under roof. Never falling water in mill lot. Mill is within 100 feet of Cincinnati Southern R. R. track and has private siding. The location is good for the following reasons: McKinney is nearest market to many of the largest wheat and corn growers in Lincoln county, large territory furnishing custom grinding. The feed and coal business in connection with mill pays well. No trouble to market all products from mill. Residence is a two-story, six room frame, with cistern on back porch. Milk house at back door, cemented; all comparatively new. Large barn, buggy house in mill lot. On account of my failing eyesight and health generally, my physicians have advised me to quit the milling business. For further particulars call on or address Dr. Edw. Alcorn, Hustonville, Ky., or W. B. McKinney, Stanford, Ky.

your feet are urging you to give them

That still, small voice is not conscience—it's "feet"—hurt feet. Your feet would look smaller; shoes wouldn't twist out of shape and bulge at the sides; heels wouldn't callous, nor stockings get holes from the heel slipping up and down, for

"URFIT" draws the

snugly all around the ankle, and adds style, comfort and durability.

Don't think "URFIT" too good for your feet—they are the best feet you'll ever have, and Mans' "Urfit" Shoes are the best shoes that were ever built!

MASTIC MIXED PAINT

Can't Be Touched

for painting houses. The reason's plain. Mastic is the purest, therefore the most durable and economical. There is a whole string of "other fellows" claiming "just as good as Mastic" but they don't prove it. Maybe they can't. The analysis of Mastic is published. It's made of pure lead, zinc and linseed oil—the most durable kind of paint—and its purity is therefore unquestioned.

As purity means durability, the splendid wearing qualities of Mastic have given it the title of "The Kind That Lasts," and this title is backed up by our absolute guarantee. Mastic is made by PEASLEE-GAULBERT CO., Inc. LOUISVILLE, KENTUCKY and we heartily recommend it to your trade.

Clay King, with any kind of stud opportunities, would today be in the first list of successful sires of extreme speed. His stud career is practically just begun, and there is not a horseman in the Blue Grass State who does not regard him as a wonderful sire of early and extreme speed. Every man at the Lexington track has seen his get accomplish what has never been done by the produce of any other horse; they have seen his yearling step quarters in 1:54 seconds and then sell for starting prices; they have seen his older representatives show as much speed, gameness and genuine race horse qualities as those of any sire ever quartered in Kentucky.
Clay King will make the season of 1905 at the low price of \$15.00 to insure a living colt. A lien retained upon the foal to secure the payment of the season. All care will be taken to prevent accidents to stock entrusted to our care, but should any occur we will not be responsible for the same.

STANFORD, - KENTUCKY. S. C. McClary, PRESTON 922.

This premium saddle stallion of the world will make the season of 1905 at the stable of J. C. Bailey, on Old Lancaster Street, in Stanford, Ky.
Preston is a brown horse, 13 years old, 15 3/4 hands high, a perfect model, with great style, action and speed.
Preston was sired by Washington No. 54, he by Cromwell No. 73, 1st dam Belle by Roderick, 2d dam by Denmark horse. Preston has shown against and defeated all the great show horses of Kentucky, such as Kentucky Artist, owned by J. T. Crenshaw, of Lexington, Ky., and Montgomery Chief, owned by Ball Bros. You should breed to Preston:
1. Because he is the greatest show horse Kentucky ever produced.
2. Because he is siring great show horses, such as Electra that was sold to Senator Vane for \$2,000; Rebecca, that sold at New York Exchange to Geo. Watson for \$650; Miss Henrietta, owned by Gay Bros. that won more premiums in saddle and combined rings than any three-year-old out in 1903; a yearling colt sold to J. C. Cravins, of Illinois, for \$500.
3. Because he is the only saddle stallion that ever sired a team of harness geldings that sold for \$2,000.
4. Because he won the championship of the Louisville Horse Show in 1903, shown by Matt S. Cohen, of Richmond, Ky.
5. Because he has won more money in the show ring than any other saddle stallion in Kentucky.
6. I will be glad to show him to any one at my stable and invite those wishing to breed to a fine saddle stallion to see him before breeding. I will stand him at \$15 TO INSURE A LIVING COLT.
Mares grazed at \$2 per month. Care taken to prevent accidents but not responsible should any occur.
J. C. BAILEY, Stanford, Ky.

FARMER'S DEPARTMENT.

Penrhyn, raised by T. L. Carpenter, of the West End, and sold to an Eastern man some months ago, won a good race at Belmont Park Wednesday.

Martin Doyle, of Paris, has sold to McBrayer Moore the high-class two-year-old colt Debar, by Algol, dam Sister, by King Alfonso, for \$8,000.

Gill Cowan bought of George D. Weatherford his farm of 120 acres near Hustonville, for \$10,000, cash. Possession will be given Jan. 1st. The Weatherford farm adjoins the Cowan farm, and is one of the best improved farms in this county.

Returns received by the Bureau of Statistics of the Department of Agriculture show that the total acreage of winter wheat on May 1 is over 10 per cent. larger than the acreage harvested last year, and its condition is 17 per cent. better. The general outlook in crop conditions is better than for years.

H. Dunn shipped last week, to Idaho a car-load of fine stock. He bought of H. P. Hawkins four short-horn yearlings for \$250, a bull of Phelps Cobb for \$100, two heifers of John VanMeter for \$127, three heifers and one bull, Polled Durham, of Adam Carpenter for \$220, of F. Reid a Jersey cow and calf for \$125, two heifers for \$125 and five horses for \$1,450.

Many methods have been suggested by which farms may be renovated, but no method is so simple or so economical as putting sheep on a farm, says a writer in Country Life in America. "But," says the Eastern, "there is no profit in rearing and selling lambs or sheep for \$5 or \$6 each." The up-to-date husbandman can retort: "I did not say there is but there is money in raising spring and winter lambs and selling them for \$10, \$15, or even \$20 each." Not only is there a considerable profit to be realized in the East on worn-out farms within easy reach of the large cities, but in the process of growing winter and spring lamb a great deal of the most valuable fertilizer is made and deposited on the farm.

Resolutions of Respect.

Crab Orchard Lodge No. 636 F. and A. M.

CRAB ORCHARD, MAY 8, 1905.—Whereas our Heavenly Father in His wisdom, for which no one dare question, has seen fit to call from us our beloved brother, Dr. J. H. Pettus, and we trust and hope to that celestial lodge above which is free from all trials, troubles, sickness and the like. We all know that he, like the rest of us, had his faults as well as good traits, but with true Masonic principles, let us hold to only the good to be practiced. Therefore be it resolved

1st. Our lodge by this sudden call has lost a brother who was a true Master Mason at heart and one who will be missed in and out of the lodge room and we hereby extend our sympathy to his family in this their sad hour of need, for they have lost a kind, tender-hearted husband and father, the community a useful citizen who used his calling, that of a physician, for the good of the poor, and we trust our Lord will say to him: "Inasmuch as you have done it unto one of the least of these, my brethren, while on earth, you have done it unto me."

2nd. That a copy of these resolutions be written upon the record book, one sent to the family and also that they be printed in the county paper, the INTERIOR JOURNAL and our Masonic Home Journal.

3rd. That we wear the usual badge of mourning for the usual time out of respect to his memory.

Wade H. Perkins, Gus Giezl, Geo. B. Lyne, committee.

The newspaper reporters said the Lexington people were dumfounded over Judge Parker's refusal to give an instruction not warranted by the indictment or the proof. The world has been led to suppose that the eminent Commonwealth's Attorney of the Fayette district was capable of drawing up an indictment that would cover every phase of the Hargis case. If, however, the Commonwealth's agent at Lexington did not know how to frame a drag net indictment in this consequential case, it were better in future to allow such cases to be tried up in the mountains where they rightfully belong. If the renowned judge of the bluegrass district knew the indictment did not cover the point of "accessory before the fact," the admission of proof upon that point in the bail trial, and the holding without bail of the accused upon such proof, may be considered further justification for the remanding of these consequential cases to the mountain courts. The bluegrass folks say our courts are corrupt: why may we not retort that their's are incompetent?—Somerset Journal.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at G. L. Penny, Stanford, and Lyne Bros', Crab Orchard, drug stores.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and to-day I am cured of all my troubles." Guaranteed at G. L. Penny, Stanford, and Lyne Bros', Crab Orchard, drug stores; price 50c.

Pruitt Brothers, Moreland, Ky.

DORSEY GOLDDUST 12055.

Full brother to Estelle 2:19 1-4.
Sired by Zileadi Goldust 4:00 by Goldust 1:50, by Vermont Morgan, dam by Zileadi, an Imp. Arabian stallion.
Dorsey Goldust's dam is Florence by Golden Mingo Chief, a son of Gaff's Morgan, making him an intensely bred Morgan stallion, descending from Justin Morgan on both sides, the best family of road horses known.
Dorsey Goldust is a dark bay, black points, full 16 hands, weighs 1,300 pounds. A proven and uniform breeder of high-class road and Eastern horses, combining all the qualities for harness and saddle and are in demand at top prices. The champion saddle and combined gelding of the American horse show 1905. He is a black 10 Diamond standard to his credit. Twelve of his colts have sold for over \$10,000 in the past two years. His service is offered for less than any horse of his producing quality in Kentucky. Will stand at my farm, 2 1/2 miles from Stanford, Ky., on Hustonville pike, at \$20 to insure a living colt. Money due when colts drop or mare parted with by breeder. Mares kept at 10c per day on grass. No residential fee for accidents or loss of foal. Address for care and handling given. Good Livery. F. REID, Stanford or Danville, Ky.

Antecarlo, 2:26 1-2.,

Made over Versailles track in winning race, sired by Anteo, 2:26 1-2, that sold for \$200 at public sale. First dam Mary Ann, by Hallstrom 8:18, son of Mambrino Patchen. These two crosses produced The Anteo, 2:26 1-4, champion trotting gelding of the world, 2nd dam by Independence, son of Andrew Jackson. Independence's dam by American Star, The American Star and Andrew Jackson blood is responsible for Crescens, 2:04 1-4, the champion trotting stallion of the world. You see Antecarlo's two top crosses are responsible for the fastest gelding, two next crosses are responsible for the fastest stallion. Then you see he is better than the either of them for he has the blood of both. Antecarlo is a solid brown horse, 15 3/4 hands high, weighing 1,470 pounds, fine style and action. Will stand at \$20 to insure a living colt.
Will also stand the young jack, ABRAM 3RD, at \$8 to insure a colt. He was sired by Abram 2nd and he by an imported jack. Abram 3rd's first dam by Volapende, 2nd dam by Imp. Palermo, 3rd dam by Morengo Mammoth. Ideal retained on colts for season money. Mares traded or bred to other horses for insurance and makes season money due. Stand at my farm on Somerset pike, four miles from Stanford. Mares grazed at \$2 per month. Care taken to prevent accidents, but not responsible should any occur.

Stanford, Ky.

GEORGE HUR,

One of the finest English coach horses in the State, will make the present season at my place on Silas Anderson's farm at \$10 to insure a living colt, money due when colts get up or mare is parted with, a lien retained on colt until season money is paid. George Hur is black, four white feet and white face, weighs when in good shape 1,600 pounds, stands full 16 hands, and is six-years-old the coming Spring. George Hur is model, supple and quick, a splendid driver, a quiet and safe horse at any work. He was sired by Ben Hur Major 27:3, 31:35, Grand Sire Scott 24:30, Dam, Jennie Beatrice Clydesdale. George Hur has some of the finest colts in the country, has proved to be a sure foal getter. George Hur is half English coach and half Clydesdale, best draft horses in the State. For further information call on or write Wm. Sprinkles, at Rowland, Ky., and we will send all lovers of horses to call and examine George Hur. Care taken to prevent accidents, but not responsible should any occur.
I will also stand my fine jack, Jim Porter, at the same place at \$5.
Wm. SPRINKLES, Rowland, Ky.

Galton 12910.

Sired by Gambetta Wilkes, 2:19 1/4, 1st dam Da'ay Field, (grand-dam of Alice Wilkes, 2:17, Airoetta, 2:15 1/4), by Knoll-sid, sire of six in 2:30 and dams of 60 in 2:30 or better; 2nd dam Quickstep by Kentucky Prince, Jr., sire of J. Q. 2:17 1/4, Lemouade 2:27 1/4 and the dams of 15 in the list; 3rd dam by Old Joe, sire of the dam of J. Q. 2:17 1/4. Galton carries the blood of four leading families—Wilkes, Hambletonian, Mambrino Chief and Seely's American Star. Galton is a dark bay, 15 3/4, breeds large with fine style and action and a sire of speed. Only three of Galton's colts have been handled for speed having all worked miles out in 2:35 and better. This is evidence that he will get plenty of speed from the right class of mares and a horse that can't get speed, can't get action or good road horses. I have recently sold four of his colts, three to five-year-olds, at an average of \$300. Sold another four-year-old for \$400; she got crippled before shipping therefore lost the sale. Have one that I can sell at any time for \$500. Mr. Middleton and myself have ones at Danville we have refused \$500 for. He will be handled this season for speed. O. C. Carpenter has a young gelding by Galton and has refused \$500 for him. He holds him at \$1,000. This is just a few instances of recent sales. Galton has made all of his seasons at my stable, 11 in all, and served the last three seasons an average of 75 mares the season. This is another of the best recommendations a stallion can have. He was a great show horse in his young days, having defeated some of the best in harness classes, and labored under a great disadvantage, owing to a very bad cripple in one shoulder as a two-year-old, with the cripple he can work a mile in 2:25, with but little handling. His colts have gone against and defeated the best, one of his colts having won a \$75 premium at the Hustonville Fair over the best. This is a few instances of what he has already done, not what he is going to do, for I think his future will be much better, as the class of mares he is getting of late are much better than his first seasons.
Galton's sire, Gambetta Wilkes, has produced one of the greatest families. He has 13 in the 2:10 list. This is more than any other horse has in 2:10. He has 161 in 2:30 or better. This is more than any other horse of his age has in the 2:30 list. Gambetta's sons and daughters have over 400 in the 2:30 list. This is proof that Galton has a right for what I claim for him. Galton will stand at \$10 to insure a live colt; mares traded off after breeding forfeits insurance. Grass after the 20th of April at \$5 per month. Will stand at my place two miles West of Hustonville on Bradfordville pike. Phone in residence.
W. M. DODD, Hustonville, Ky.
